

Working in partnership with our community

Corpusty & Holt Area SureStart Children's Centre

Meet the Family Worker!

Hi, I'm Becky Marshall, Family Worker for the new Corpusty and Holt Area Children's Centre. As a mum of a young son myself I am very excited about being involved in the development of services for families in the area. I've worked for Children's Services for 4 years and have also been involved in local pre-school groups on a voluntary basis.

Although my role is to support families with pre-school age children I'm formally based at Corpusty Primary School. This helps to forge strong links between the pre-school and primary school settings and is also a way of extending Children's Centre activities out into the community. I spend time at Parent and Toddler sessions and other local pre-school groups providing a direct link to the Children's Centre for those families living in more isolated areas.

Surestart Children's Centres are a 'one-stop-shop' for children under 5 and their families. We provide childcare, play and early learning, expert advice on healthcare, parenting and family support, the chance to brush up on your skills and learn new ones, links to training and jobs, family fun and opportunities to make new friends. We'd love to see you whether you're a parent-to-be, a mum, a dad, grandparent or carer.

You can contact me on my mobile 07748 877781, or at the Children's Centre 01263 712442
